## Certifications

|                                                                                                                                                                                                                                                                                   |          |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|
| <b>GenAI Powered Data Analytics Job Simulation   <a href="#">Link</a></b><br>Forage · uZ3ntfh26yn4Szmfs<br>Completed a virtual job simulation in data analytics, performing data analysis, visualization, business reporting, and AI-powered insights using real-world scenarios. | May 2026 |
| <b>SQL (Advanced)   <a href="#">Link</a></b><br>HackerRank · 2621E6A6E1E5<br>Earned the HackerRank SQL (Advanced) certification by demonstrating advanced SQL skills, including complex queries, joins, window functions, CTEs, and database problem-solving.                     | May 2026 |

Completed a Microsoft Power BI course, gaining hands-on experience in data visualization, dashboard creation, data modeling, and business reporting.

## Skills

---

**Technical Skills:** MySQL, PostgreSQL, Data Cleaning

**Tools and Technologies:** Power bi, Tableau, Ms Execl, Git

**Programming Languages:** Python

**Languages and Frameworks:** Pandas, Pandas, NumPy, Seaborn

**Domain Knowledge:** Data Visualization, Data Analysis, Statistics

## Languages

---

Hindi [Professional], English [Fluent]
